

Dear Dr. Henney,

I am writing to express my concern over the FDA's regulation of genetically engineered (GE) food, to ask that the agency's current policies be changed, and to support all the points in docket #00P-1211/CP1

20c  
stamp  
please

- ☐ All GE Foods should be labeled so I am informed and have a choice.
- ☐ GE Foods should not be assumed to be "generally recognized as safe" and should have mandatory pre-market safety testing
- ☐ There should be a moratorium on GE Foods until long-term studies show they are safe for human health and the environment.

Commissioner Jane Henney  
Docket No. 00P-1211/CP1  
FDA Dockets Management Branch  
(HFA-305)

(Additional Personal Comments:) I think it's so unfair for you  
to be sincere most of our food. Stop doing that  
you people are killing human beings!!!
